.51 Inches Of Rain

Lemon Grove's new meteorological station at the local fire house had a good workout this week.

The rain gauge, installed earlier this month, showed that 22 inches of rain fell in Monday morning's surprise storm. Monday evening and Tuesday morning an additional .29 inches fell bringing the storm total to a shade over one-half inch. Only a trace fell early Wednesday.

The center was donated by the Sonka brothers via the L.G. chamber of commerce. Fire department men keep tabs on the instruments.

Local Sheriff's Station To Be Greatly Expanded

24 Men, 3 Sergeants To Be On Duty Here

The Lemon Grove substation for the County Sheriff's department will be made headquarters for the L.G.-S.V. area later this month, it was announced by Elmer Jansen, S.D. County Sheriff. It is part of Jansen's announced program of decentralization which he said would provide better police service for citizens.

The substation at 3420 Main st., L.G. will be headquarters for 24 men and three sergeants and the 10 autos they use.

Sheriff's detectives will continue to operate from the Main street office as in the past.

Lt. L. C. "Bus" Earnest of the El Cajon sheriff's office will be officer in charge. He said that basing sheriff's men

in the community they are serving would provide residents with more man-hours of police service. Sheriff's men will now be on their L.G.-S.V. beats during the period they formerly used for travel to and from San Diego at shift-switch time. Routine "book-work" will be made at the new headquarters, keeping men in the community several more hours a week than it was possible when they did the work in S.D.

The ten autos will get gasoline from local dealers, too, Earnest said.

The sheriff's sergeants assigned to the three shifts here are L. P. McKenzie, L. B. Aubuchon and R. A. Morse.

Eventually, the sheriff's specialized departments, such as crimes of violence details, will be transferred here, Earnest added.

Youths Arrested After Threatening Life Of Deputy Claud Smith

The life of a sheriff's deputy was threatened Saturday when Deputy Claud Smith of the Lemon Grove substation responded to a call from a Spring Valley woman who reported that an 11-year-old boy had found a loaded revolver in the field behind her house.

The woman, Mrs. Sannie LaSalle, 3155 Central ave., S.V. old the sheriff's office that Merle Ebbert, 11, 9068 Mac Lane, S.V. had given her the revolver.

Smith, led by the boy to the place the gun was found, walked through a screen of bamboo and bushes into the business end of a gun held by an 18 year old youth.

"Freeze or you're a dead man," the juvenile said with the gun leveled at Smith. The

other man, frantically seeking the gun which the Ebbert boy had turned in, distracted the gun-holder momentarily, Smith jumped him and the gun discharged but Smith was unharmed. He subdued the youth as Deputies J. R. Whalen, Ronald Jensen, and Reserve Deputy Winebrenner reached the scene.

They quickly subdued the other youth who was still searching for the gun among his sleeping bag belongings.

The youths were charged with attempted murder and they were registered as John Lee Spinelli, 18 and Carlis Bennett, 17, both of St. Louis. They were sought by the S.D. Police Dept. on a similar charge when one of them assertedly fired a gun at a S.D. policeman the week before.

Koester Feted At L.G. C. of C. Installation

More than seventy members and friends of the L.G. Chamber of Commerce participated in the installation dinner dance Saturday night at the L. G. Bowlero.

Bob Vaught, newly installed president, said that his term would be one of work and progress. A plaque was presented to Edwin Koester, chamber manager, for "unselfish devotion" to the chamber. Vaught presented retiring president Charles Hesser with a plaque for "an outstanding year."

Bud James, county clerk, was principal speaker and described the opportunity offered county business firms. "Any slack period should be used for dusting off the neon signs and establishing better business practices," he told the chamber.

A gridiron over which all of the politicians present were gently roasted was presided over by Jim Spears and Max Goodwin. A mock trial before C. of C. member Municipal Court Judge Luther Hussey, resulted in a fine for Sam Pernicano, who operates a pizzeria here. He was charged with "disturbing the pizza."

Quotable Quotes And Remarkable Retorts On The New Frontier

"I want a world which looks to the U. S. for leadership, which does not wonder what Mr. K. is doing, that does not always wonder what Mr. Castro is doing. I want them to wonder what the President of the U. S. is doing." - J. F. Kennedy in Buffalo, Sept. 28, 1960.

Okay, we wonder.
We cannot avoid continued budget deficits, and continued rises in the cost of living, merely by wishing." J. F. Kennedy, Nov. 4, 1960 Chicago.

All right, you've proved your point.
"Mr. Nixon says I want to centralize everything. I have no desire to do so." - J. F. Kennedy in Schenectady, Sept. 29, 1960.

Everyone who believes that, stand up.
"We have concentrated on Mr. Khrushchev - answering his argument - reacting to every crisis he creates . . . The facts of the matter are that trips and tours are not enough." J. F. Kennedy in Syracuse, Sept. 29, 1960.

It's a good thing we don't do those things anymore.
"But I want to make it clear that I don't believe that the Dept. of Justice has carried out the laws in the case of Mr. Hoffa with vigor." - J. F. Kennedy, Springfield, Ill., Oct. 3, 1960.

But aren't you your brother's keeper?
"Nobody suggests that we launch an invasion of Cuba, so you are faced with the situation that he (Castro) is now in office, now in control." J. F. Kennedy, Indianapolis, Oct. 4, 1960.

"We'll bet that's the last invasion you let Caroline plan."
"I do not know whether to regard with alarm or indignation the common assumption of an inevitable conflict between the business community and the Democratic Party." J. F. Kennedy, N.Y.C. Oct. 12, 1960.

Now you know.
"Without resorting to the compulsion of wage or price controls, the President of the U. S. must actively use his powers of leadership in pursuit of well-defined goals of price stability." - J. F. Kennedy, Oct. 12, 1960.

Squaw Valley Park Tells Sad Tale of State Government

If former vice president Mr. Richard Nixon is determined to be governor of California, there's an easy way to do it and he and his campaign managers may have the benefit of our advice without charge.

He can lay off such minor items as the governor's ailing water works departments, too many bureaus, too high taxes, uncontrolled welfare expenditures and the National Guard files. (Continued on Page 4)

TO AID PASSAGE OF PROPOSITION T

Area residents were lining up recruits this week to aid in assuring a college for the Grossmont Junior College District to administer to.

Voters had put the stamp of approval on such a facility by voting to form the District more than a year ago. Last year, however, voters failed to approve a bond issue by which two sites would have been acquired and a college built in Fletcher Hills.

The issues are the same this year except that the second site is a separate proposition. Meanwhile, Karl Tuttle, former mayor of El Cajon has been appointed chairman of the Grossmont College Committee. He then appointed Jesse Lee, Lemon Grove civic leader as chairman of the L.G.-S.V. campaign.

Tuttle heads a group of several hundred people in the Grossmont Junior College District that will promote Proposition "T" in the June 5 primary for passage of a \$7,500,000 bond issue to purchase a site and to pay for construction and equipping.

At a press conference at Flying Hills Country Club Tuttle said "Citizens will pay for a Junior College over the next few years whether the college is built or not. A seating tax of \$300 per student paid by the Grossmont Junior College District for students who attend classes out of our area would amount to about \$15 million dollars during the next 20 years. With a planned \$7.5 million bond issue we'll build a magnificent campus in the Fletcher

COLLEGE PLANS—Members of the area team to assure passage of the Junior College Issue (Proposition T) pose with a drawing of the proposed facility. John Hansen, president of Grossmont College; Jesse Lee, chairman of the L.G.-S.V. area Committee, and Palmer Svalstad, trustee of the Junior College District are shown proudly displaying the drawing. Proposition T would supply \$7½ million for site, site development and construction of the college.

Hills-Santee area and actually save money."

The committee is dedicated to bringing out at least double the 30 per cent of eligible voters who went to the polls last October when a similar issue was defeated.

A mass rally to point up the need for a Grossmont College campus, and to get support for California higher education in general is slated for May 22 at 8 p.m. in the Grossmont high school auditorium.

Heg's Pop Is First In County To Apply For Absentee Ballot

First in San Diego County to apply for an absentee ballot was Charles S. Hegland, patient at Hacienda De La Mesa. The 85-year-old man sent his grandson, Kenny Hegland, to the Registrar of Voters office 15 minutes before it opened on May 7. He took advantage of the new law, which extended the period for absentee voting nine days.

The law, passed at the 1961 Session, also changed the date by which absentee ballots must be returned to the Registrar of Voters. The ballots must be in by 5 p.m. the Friday prior to the election rather than six days after it.

Mr. Hegland's intense interest in getting his ballot early is understandable. His son, Assemblyman Sheridan Hegland, is running for Congress in the 37th District. Charles Hegland, a retired farmer from South Dakota and Iowa, has been a resident of this area since 1947. Last summer he underwent prolonged surgery and has since been a patient at the convalescent hospital.

DeGraaf Asks 'Sanity In Government'

Peter DeGraaf, candidate for the 77th Assembly District this week called for more sense in government.

"Under the present administration," he said, "federal and state governments have become bureaucratic octopi. The President forced his will upon the nation's economy in the steel affair reflecting the attitude of a socialistic state."

"First, came control via taxation. Next, comes business control by government. Then, comes federal control of the Unions."

"Already, government is attempting to control Unions by wanting to sit on the collective bargaining between business and Unions."

"Similar pressures at State level came when State forced County to put welfare chiselers back on the welfare rolls."

"And then, State seized private property when the Guard files were taken."

"Sound, common sense must be brought back to government," he added.

DeGraaf, who has served seven years on the C.V. City council said that experienced policy makers must be elected.

IT SHOWS TO GO YA

Spring Valley may have started reporting weather data a couple of days before Lemon Grove, but who got more rain lately?

Spring Valley recorded .44. Lemon Grove recorded .51.

Last week in a matter of minutes before press deadline, this newspaper snapped a picture of the Miss Lemon Grove beauty contest winners, rushed it through the several stages of photographic processing and got it into the works before the presses started rolling.

In the caption-writing shuffle, Sue Davis, the Miss Lemon Grove

title winner came out as a junior at Mt. Miguel high school. She cannot very well be this, she told us, if she is a senior at

Sweet Sue Helix. True, Sue. We're sorry and hope we make it up to you by giving you so much publicity during the year that Hollywood won't be able to leave you alone.

Sweet Sue, a diminutive blond said that when she was declared Miss Lemon Grove in the crowded banquet room at Michael's, the words fell upon her with complete unexpectedness.

"I felt certain I wasn't going to win," she said. "And I was so scared I couldn't smile. I was completely surprised by the announcement."

Sue had no trouble smiling when the woman emcee said, after naming Marcia Mann, Dena Anderson and Susan Onelle as runnersup: "And Miss Lemon Grove for 1962 is ... Miss Sue Davis!"

McCabe Cites His GOP Acceptance

In a speech Monday before the Republican Assembly of ational City, Emmett McCabe, Republican Candidate, for Assembly in the 77th District, told his audience that neither of his Primary opponents had taken a firm stand in favor of more bread-and-butter jobs, better business income and higher property value.

All Republicans, McCabe told his audience, are in favor of lower taxes, less waste in government, duplication of agencies, and other "safe" issues. Similarly, all Republicans are against narcotics, Communism, abuses in welfare payments and other issues that involve no controversy.

In an open Primary, McCabe said, the only means a voter has to judge the qualifications and the capabilities of a candidate is by his background and what he announces as his convictions or platform. McCabe made known that he is the only Republican candidate who has been elected to the Republican County Committee; he alone has served as a member of the Republican State Committee and the Republican State Convention.

Public Works Does Help Unemployed

Danny Thomas, Republican candidate in the 37th Cong. District, criticized the administration for the unemployment situation before the National Association for Full Employment at the House of Hospitality, Tuesday night.

"Instead of creating more public works and making taxes higher and higher, the government can assist by creating private employers," Thomas said. "Lower taxes and fewer government controls over the free market will create risk capital. The result of this will be capital formation with millions of jobless going back to work."

"In San Diego we have a unique situation and we should work hard toward diversification of industry to avoid our feast or famine economic trend. We have a great need to speed up our harbor development and our highway development in order to attract distribution industries."

FIRE REVIVES, BURNS DOWN STORAGE SHED

A storage shed and its contents at 3222 New Jersey st., Lemon Grove were almost a total loss last Sunday afternoon when a nearly - extinguished grass fire came to life again.

Dennis Fenton, owner said he'd been burning off the land around the shed and thought the fire was out. The blaze did \$200 damage, \$25 of this to contents.

The Lemon Grove Fire Department responded to a "malicious false alarm" on May 9 at 9:58, according to Capt. Harry Alexander. He said a fire was reported in a garage on Roy st. and two engine companies responded. "No sign of a fire was seen," Capt. Alexander said.

A fire occurred at the home of Paul M. Smith, 7014 Central on May 11 at 6:14 a.m. About \$60 damage occurred when clothing on top of a floor heater caught fire. There was smoke damage throughout the house. Ten dollars damage was to the clothing.

A fire call at 11:20 a.m. Sunday morning brought firemen to 2841 Olive st., the Women's Club. A small grass fire there did no damage but firemen suspected that children with matches had ignited it.

Firemen could do almost nothing but stand by and be of comfort until the doctor arrived when an 80-year-old Grove woman got a fishbone caught in her throat while eating her Sunday dinner last weekend. Responding at 5:13 p.m., firemen found Mrs. Raymond Globensky of 7512 Church st. in need of medical attention and summoned Dr. Herman Kausch of Spring Valley.

HAROLD L. ORD Democratic Candidate for Assembly 77th District

I believe our state must have plenty of fortitude to desire to serve in the Assembly—that I have found out as a candidate, Roger Kent, Democratic State Chairman, states my views exactly in the second issue of the California Democratic Leader. That should answer the pressure groups desiring that I sign statements on one subject or another on how I would vote.

Most of you have read my program so I won't expand further on that.

What a great loss our state will suffer because we can't have the talents and the leadership of all our candidates. So many of our projects would then be solved. Yet they still would be, if after election, all would join together to aid the elected. Too often the reaction is just the opposite. They immediately begin to find fault.

I have often thought that someone like Bashir Ahmed, the world's best known camel driver, who Vice President Lyndon B. Johnson had over here as his guest, has more horse sense or camel sense than many of our leaders. He states on intelligence: "Do you think only educated people have brains? God gave us common people brains too. There are many with literate educations who are ignoramus. They don't understand people." How true!

I received a call from a former nominee of this district, Oswald Ludwig. He also used to be Chico Vista's City Attorney. He said he liked my program and that he would be glad to aid me. Our council have been elected to the State Assembly but he was too devout and would not stoop or resort to the type of campaign the opposition did.

I also have many ranking friends in the Pentagon who will help me in my program of progress for the 77th District and San Diego. May I count on your help and your vote in the Primaries, June 5th?

The DIMMER VIEW

(Continued)

He can even give up making campaign speeches and substitute for them a development-by-development reading of the regular news breaks on the Squaw Valley program.

Squaw Valley, it appears, embraces all of the things wrong with our state government today and we believe there are nearly as many Democrats as Republicans who agree.

As every newspaper sports editor knows, Squaw Valley was developed as the site of the recent Olympic games. Many newsmen are still angry about the high-handed police-state treatment they got at the hands of the Squaw Valley chieftans and there were a heap more non-working chiefs than there were Indians during the games. It was a lot harder dealing with the Squaw Valley officials, I am told, than it was covering the Olympic events.

Two years ago Squaw Valley was converted into a state park and a Mr. William A. Newsom was given a contract to operate the park as a profit-making venture for himself and his corporation.

During the past week the Placer County tax collector reported that Newsom and his firm was \$84,000 behind in taxes on the state owned land.

Mr. Nixon already has one foot in the Squaw Valley door and this can very well be the door through which he walks to get the governor's seat.

Mr. Nixon is aware of the Squaw Valley affair... but let him give his own report:

"I have learned—and I am sure the Governor is aware of this fact—that there is a secret report in the Legislature which reveals the (Squaw Valley conversion) deal in its true light.

"What is already known is what was printed in a public report of the Legislative Audit Committee to the recent Legislature. The Committee revealed that the state has lost more than \$900,000 in Squaw Valley State Park since it opened less than two years ago. It is losing \$25,000 every month the private concessionaire operates, it.

The contract to operate the state park was given by appointees of Governor Brown to another appointee of Governor Brown. His name is William A. Newsom. It was a poor contract and was labeled as such—and even worse—by Legislative committees.

"The contract was to run for 27 years and 10 months with no provision for renegotiation. Committees of both houses of the Legislature—headed by Senator Howard Williams and Assemblyman Glenn Coolidge—have demanded that the contract be cancelled any way possible.

"In the 1961 Legislature, a bill was passed to require that all long-term concession contracts be put out to competitive bidding. Governor Brown has steadfastly refused to direct his appointed officials to do this.

"What may not be generally known is: Alfred Stern, a State Park Commissioner under Governor Brown, was instrumental in getting the concession contract for his former business associate, William Newsom. Governor Brown also was a long-time friend of Newsom's and appointed him to the Unemployment Insurance Appeals Board at \$17,500 a year. Newsom, while still a state official, got the contract despite the fact several other better offers had been made to the state.

"Newsom then proceeded to form a corporation to operate the concession. It was named Squaw Valley Improvement Company. Out of \$400,000 worth of stock issued by the company, Newsom got a majority—\$210,000 worth—for nothing but the contract he got from his political friends. He didn't invest a penny of cash.

"On top of that, Newsom draws \$18,000 a year for managing the state park for his own corporation.

Transportation Cut One-fourth At L.G. Schools

Bus transportation is to be reduced one-fourth to save the district \$3,500. The economy stems from the override tax issue last month. About 750 pupils will be transported instead of 1,000. Walking distance has been increased to one mile.

All certificated and classified personnel of the Lemon Grove elementary school district were rehired for the coming year at the regular board meeting Monday night. The board of trustees instructed Byron Netzel, school superintendent, to prepare contracts for the 147 persons involved.

The board also approved sabbatical leave for Seymour Metzner, 5th grade teacher at Monterey Heights school. Metzner has been in the district 10 years and will seek his doctorate at U. of Ohio. Such leaves are on half salary, Netzel pointed out, but replacement of a beginner teacher will make the cost factor come close to balancing out, he said.

The budget hearing will get under way at the next meeting.

Foothills Methodist Church Reveals Its Look Of The Future

IN 1966 — The Foothills Methodist Church will look like this by 1966 when the last in a series of building programs is completed. The sanctuary will have a seating capacity of 600. In latter May of this year work gets started on an education unit which will include seven classrooms and an educational office. Cost will be \$21,000 and architect is Billie Melton. The smaller building projecting into the middle area be-

hind the spire with the cross is the present sanctuary. The larger section in front from which it projects is the future sanctuary. The building forming the base of the big U is the education unit to be started this month. Organized four years ago, the church has 400 members.

GOD'S MINUTE

REV. H. C. BAKKEN

"VICTORY OVER SIN"

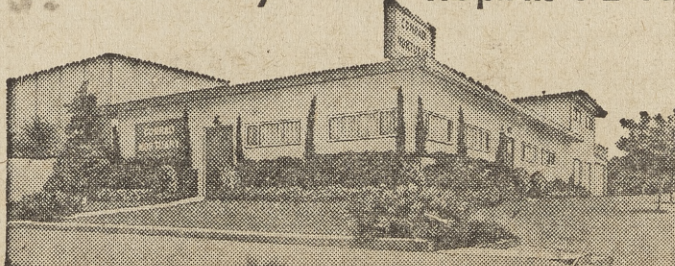

When the Holy Spirit has created a living faith in us, we become engaged in a battle against sin in a way we have never known before. We are now a part of God's family and we become enlisted in God's army. We soon discover, however, that sin will try to creep into our thoughts, attitudes and relationships. Even though we are God's children, we discover that the old nature remains with us and is constantly drawn in the direction of sin.

CONRAD LEMON GROVE MORTUARY

SPIRITUAL ENLIGHTENMENT AIDS ATTAINMENT OF GOALS, SAYS SERMON

More meaningful goals are attained through spiritual enlightenment. This is a theme of the Lesson - Sermon "Mortals and Immortals" which will be heard Sunday in all Christian Science churches.

Among the Scriptural selections will be Paul's counsel to the Corinthians (1 Cor. 15), "My beloved brethren, be ye steadfast, unmovable, always abounding in the work of the Lord, forasmuch as ye know that your labour is not in vain in the Lord," and his admonition to the Colossians (3), "Set your affection on things above, not on things on the earth."

Detzer Sermon On Life Of Jesus Christ

"The Importance Of Your Life" is the sermon at the L.G. Methodist Church this Sunday. Dr. Jordan E. Detzer, pastor is basing it on the life of Jesus from paintings and from writings known as "The One Solitary Life."

This Sunday is Ministry Sunday. It is designed to present the call of Christ and the ministry of his church to all people.

On Friday, May 18 there will be a Couple's Club party in the church patio. It will be a hobo party. On Sunday evening, May 20 the men's club will meet at the church. Also at 6:30 p.m. both the junior and senior MYF will meet.

C de O Baptist Slates Annual Reception For New Members

The annual "welcome" reception for new members of the Casa de Oro Baptist Church will be Sun., May 20 after evening worship services. Church deaconesses will be hostesses.

High school and college-age youth of the church will have a service for the aged at the Lockhaven Rest Home on South Barcelona st., this Sunday afternoon. These young people minister once a month at various resthomes of the area.

A Vacation Bible school staff meeting will be Tues., May 22 at 7:30 p.m. at the church. At that time a film will be shown to bring help on lessons, etc. Also department sessions will be held and there will be a fellowship. Theme this year is "Boys and Girls at Boot Camp," a patriotic and military theme, said Rev. Anderson. Dates of the school are June 18-22, from 9 a.m. through 11:30 a.m. and the demonstration program on June 22 at 7:30 p.m.

The youth sponsors and the representatives of the high school and college-age youth met Monday night to make plans for the annual summer program which will include

Sunday evening meetings plus a fun night and outings. The junior high group will also have a special summer program.

A "Powerhouse" club has been started for high school and college-age young people. This group meets Wednesdays during the regular prayer meeting time (downstairs), the purpose of which is a detailed Bible study. David Blankenship is leader. A junior high group will also be starting soon.

School Taxes Easier Under Plan Says Nagy

Lemon Grove and Spring Valley schools would find it easier to raise money if buildings and personal property were taxed less and land taxed more, and both communities could attract industry if they wished under such a tax shift, John Nagy told a business group this week at 9103 Campo rd., S. V. Nagy is candidate for Assembly in the 7th District.

Nagy predicted legislation permitting the untaxing of houses, buildings and personal property will be passed in California "sooner or later - and sooner if I go to the Legislature, where I will fight for this measure to allow industry to create more jobs, and for communities to give tax cuts for homeowners."

Nagy said some of the business men attending the meeting are part of a group which plans a new La Mesa weekly paper in the fall.

Edwin W. Schiehuber, 3744 Andree, Spring Valley "As a building contractor, the prosperity of my business depends on the economic health of San Diego. Dan Thomas' four-point program for the economic development of San Diego is an absolute must. I am confident that Dan's program will not only relieve present unemployment, but it will provide the many new jobs needed to absorb San Diego's growing labor force."

Elect **DANNY THOMAS** 37th Congressional Dist.

This notice sponsored by Committee for Danny Thomas for Congress.

'Open House' Is Sunday 3-5 p.m.

The Lemon Grove Medical Group's enlarged and remodeled offices at 3240 Main st. will be shown to the public Sunday. Included in the addition are expanded x-ray and laboratory facilities, four medical suites, nurses' lounge and a doctors' conference room.

The following M.D.s comprise the Group: Wesley R. Herbert, Simon C. Brumbaugh, Thomas R. Early, Frank W. Hattox, Sam W. Smith, and Myron D. Fessler. Twenty persons are employed full time and several individuals part time. The business manager is M. B. Weber, C.P.A.
